

## **FRANK GLYNN**

Parent / Architect

My wife Susan and I are proud to call El Segundo home since settling here in 1995. Both of our sons thrived at ESUSD, continuing to college at UCSB and Cal Poly SLO respectively. Our daughter currently attends ESHS.

I am thankful to have served as the El Segundo Ed! Foundation Board Chair for the past two years, working to fund and enhance educational programs at all levels in ESUSD. I am an active member of El Segundo Rotary for 26 years, coached youth soccer with AYSO Region 92 (U6-U12), and was a classroom volunteer. I am an avid marathon runner, sailor, and rower.

As an experienced Architect, I currently serve on the ESUSD Facilities Advisory Committee working to ensure that our teachers and students have state-of-the-art sustainable schools and classrooms. In my firm, I mentor and provide professional internship opportunities for ESUSD students.

As a future member of the ESUSD Board of Education, I look forward to strengthening the bonds between our community and the School District. As a parent, home-owner, and community business member, I will advocate on your behalf for fiscal responsibility, support for our teachers, and continued excellence in education for every student of all abilities and grades.
